**A cross-reference to related application. This application claims priority to Provisional Patent Serial Number 60/230,046 filed 09/01/2001 with the U.S. Patent and Trademark Office.**

**ENCLOSED APPLICATION PARTS**

- 1. Specification**
- 2. Drawings**
- 3. Cover Sheet**
- 4. Copy of Notice of Incomplete Reply (Non Provisional)**
- 5. Missing Parts:** A) The Claims commencing on a separate sheet (37 CFR 1.75(h)).  
B) Substitute drawings in compliance with 37 CFR 1.84 because:
  - drawing sheets did not have the appropriate margins.

Original Small Entity filing fee of \$355.00 has been paid, and the \$65 Small Entity missing parts fee was paid the first and last time I was prompted to make these same corrections. I did comply with this same request and feel that it is possible that a contractor outside the USPTO overlooked my previous corrections.. Inventor Glenn J. Martyn, Citizen of the United States Government, made this invention.

Respectfully submitted,

Glenn Martyn
